Gameplay:

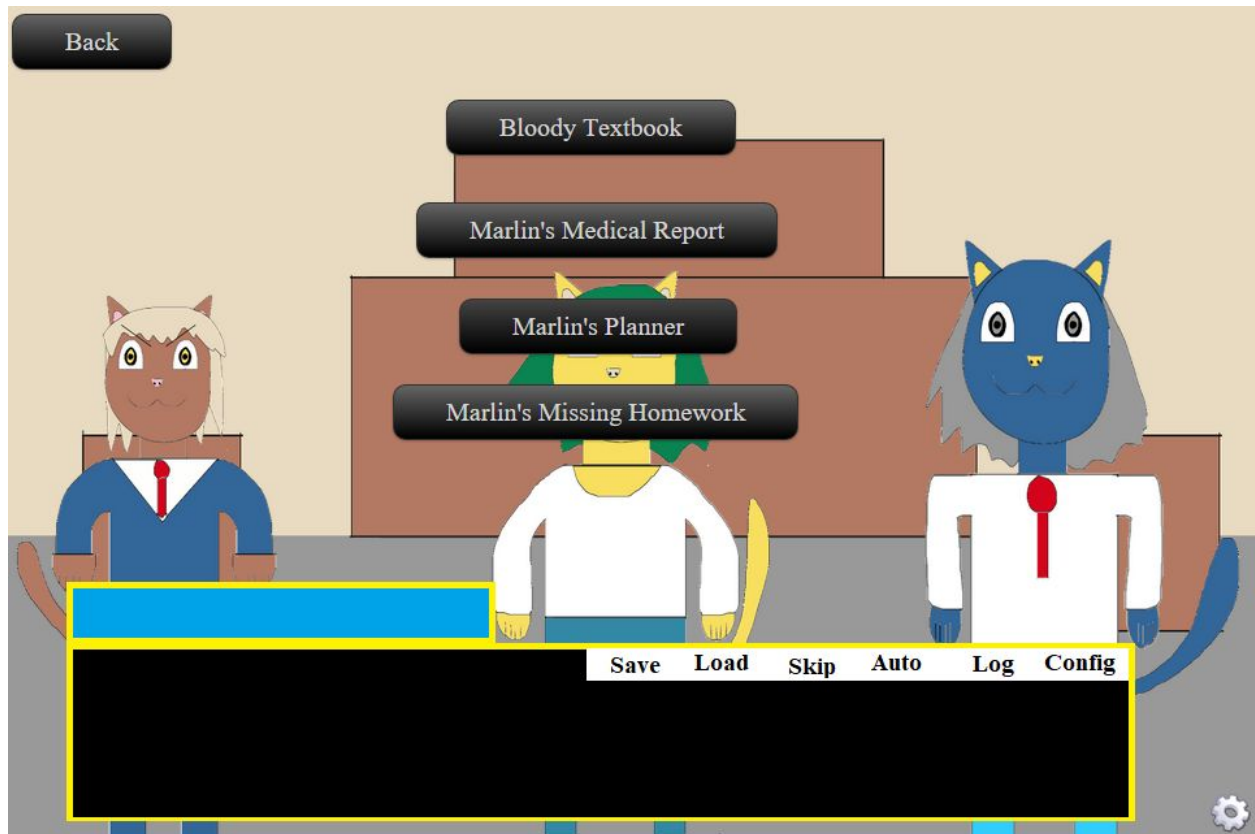

The player can choose any option during the cross examination stage where you can either object, press on witness's testimony, check with class court record for evidence, or just simply give up for a bad ending.

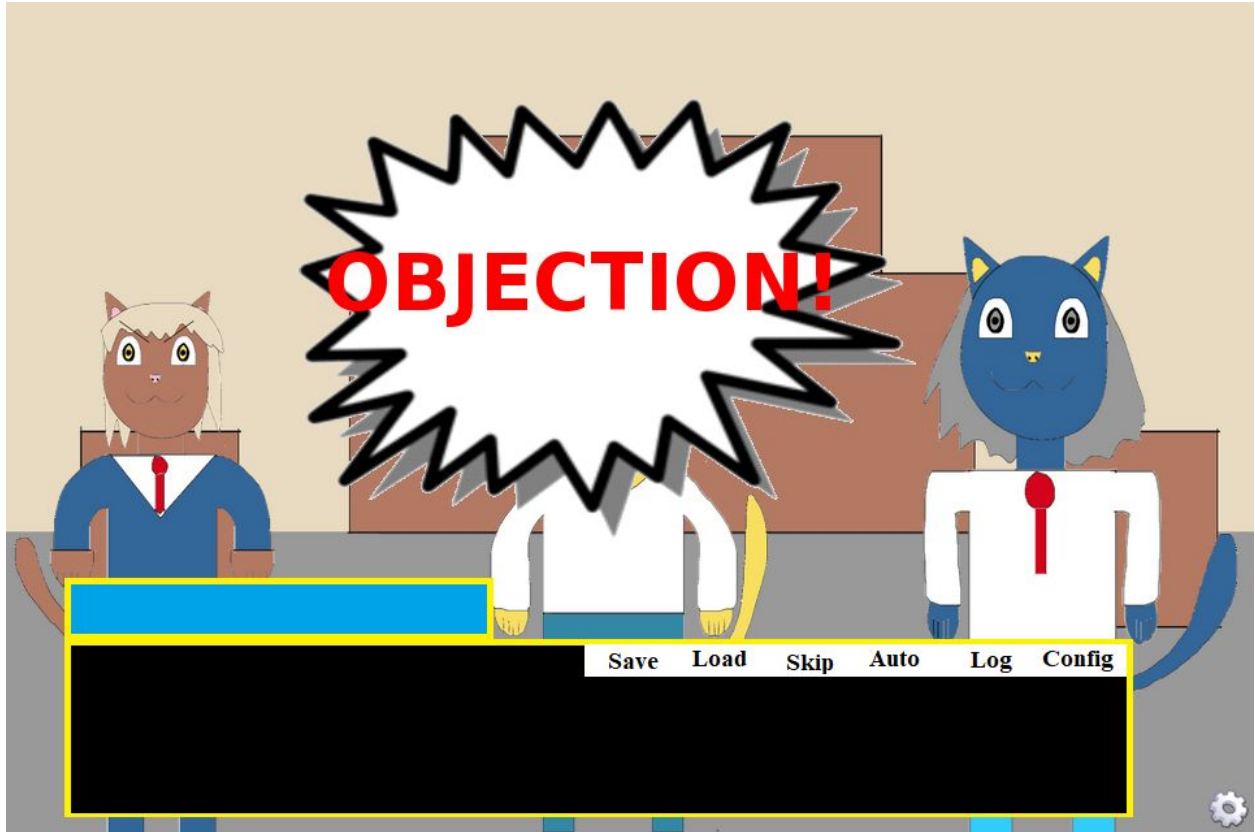

If choose to give up, there's always a choice to turn back for a good ending.

If the player choose press on witness's testimony, he/she may sometimes discover hidden information that can help turn the tide of the class court around.

If he/she choose to object the witness's testimony, then the player have to select one of the statements and one of the evidences to point out the contradiction between the two.

Once it is correct, then the player may proceed to the next part of the story to find out who is the true culprit within this class case.
